## SECTION 1 INTRODUCTION

*CITY OF BARRIE – ZONING BY-LAW*

DRAFT

(Page Intentionally Left Blank)

## 1. Introduction

### 1.1. Title

a) This Zoning By-law shall be known as the “Zoning By-law” of the City of Barrie. Any references to “this Zoning By-law”, “this By-law”, or “the Zoning By-law” in this document shall mean the Zoning By-law of the City of Barrie.

### 1.2. Defined Area

a) The provisions of this Zoning By-law apply to all lands within the boundaries of the Corporation of the City of Barrie. All lands within these boundaries are separated into **zones** that are represented on the Zoning Map. The Zoning Map shall form part of this By-law.

### 1.3. Zones and Zone Codes

a) This By-law establishes the following **zones**, and places all lands subject to this By-law in one or more of the following **zones**:

#### 1.4. Scope and Effect

- a) No land shall be used, and no **buildings** or **structures** shall be **constructed, altered**, enlarged, or used within the City of Barrie, except in conformity with the standards and provisions of this By-law.
- b) No **use** of land or **building** shall be changed, nor **building** be constructed, nor land divided if the effect of such change, construction or division contravenes any of the provisions of this By-law.
- c) Notwithstanding any other regulations of this By-law, for any legal **lot**, or any **use, building** or **structure** legally established on a **lot**, that is subsequently altered as a result of a project of a public authority or by expropriation of municipal, provincial or federal acquisition which causes it to contravene any regulations of the By-law, the said **lot, use, building** or **structure** shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed,

repaired or renovated provided that any regulations which are currently not met, are not further contravened and that all regulations which are complied with, are not contravened by any works undertaken.

### 1.5. Repeal and Continuation of Existing By-laws

a) The By-laws listed in Table 2: *Repealed By-laws* are repealed in their entirety upon the date this Zoning By-law comes into force and effect.

Table 2: *Repealed By-laws*

By-Law Number	By-Law Title
2009-141	City of Barrie Comprehensive Zoning By-law

b) The By-Laws listed in Table 3: *Continued By-laws* are continued in their entirety, upon the date this Zoning By-law comes into force and effect.

Table 3: *Continued By-laws*

By-law Number	By-law Title
*PLACEHOLDER	*PLACEHOLDER

### 1.6. Effective Date

a) This By-law shall come into force on the day it is passed if no appeals are received. If an appeal, or multiple appeals are received, then the un-appealed portions of this By-law shall come into force and effect on the day it is

passed. The appealed portions of this By-law shall come into force and effect once a decision is made by the Ontario Land Tribunal (OLT), and in accordance with the provisions of the *Planning Act*, R.S.O. 1990, c.P.13, as amended.

#### 1.7. Revisions to this Zoning By-law

- a) Any of the following changes can be made to this By-law without need of a Zoning By-law Amendment:
  - i. The correction of spelling, grammar, or other typographic errors, or formatting revisions that do not alter the intent of this By-law;
  - ii. Corrections to list enumeration or section references;
  - iii. Changes to illustrations, diagrams or notations that are not an operative component of this By-law;
  - iv. Changes to **street** names or other convenience features shown on any maps, provided they do not alter the meaning of the maps, and are for convenience purposes only;
  - v. Changes to the bolding of defined terms, which is provided for convenience only in accordance with Section 0; and
  - vi. Consolidation of amendments into this By-law.

#### 1.8. Validity

- a) If a court of competent jurisdiction rules that any standards or provisions of this By-law are invalid, then that ruling does not extend to the remaining contents of the By-law. The unaffected standards or provisions in this By-law will remain in effect.

## 1.9. Non-Conforming Buildings, Structures, Lots, and Uses

### Non-Conforming Buildings and Structures

- a) No provision of this By-Law applies to prevent the existence of any **non-conforming building** or **structure** if such **building** or **structure** was in lawful existence on the day of the passing of the By-Law, so long as it continues to exist unchanged;
- b) Any existing **building** or **structure** is exempt from meeting the current zoning standards, save and except for parking required in Section 4, when adding **dwelling units** within the existing **building** or **structure** provided the **use** and form is permitted in the **zone** in which it is located; and,
- c) Any legally existing, **non-conforming building** or **structure**, may be used by a permitted **use** in the applicable **zone**, as established under this By-law.
- d) If a **lot** contains a legal **non-conforming building**, nothing in this Zoning By-Law applies to prevent the further development of such **lot**, provided the development:
  - i. Does not further increase the extent or degree of **non-conformity** with the provisions of this Zoning By-Law; and
  - ii. Complies with all other applicable provisions of this Zoning By-Law.
- e) If a **lot** contains a legal **non-conforming building**, nothing in this Zoning By-Law applies to prevent the construction of an **accessory building** on the **lot**, provided that the **accessory building** complies with all applicable provisions of this Zoning By-Law.

#### Non-Conforming Lots

- f) A **lot** in existence prior to the effective date of this Zoning By-Law that does not meet the minimum **lot area** or **lot frontage** requirements of the applicable **zone** is permitted to be used and **buildings** and **structures** thereon be erected, enlarged, rebuilt, repaired, or renovated, provided the **use** conforms with this Zoning By-Law and the **buildings** and **structures** comply with all other provisions of this Zoning By-Law.
- g) Notwithstanding any other provisions of this By-Law, if an existing **lot** is modified, or if a deficient **lot** or **setback** is created as a result of the acquisition of land by an authority possessing the power of expropriation, then such **lot** or **setback** shall be deemed to conform with this By-Law.

#### Non-Conforming Uses

- h) Nothing in this By-Law applies to prevent the **use** of any land, **building** or **structure** for any purpose prohibited by this By-Law, if such land, **building** or **structure** was lawfully used for such purpose on the day of the passing of the By-law, so long as it continues to be used for that purpose; and
- i) Nothing in this By-Law applies to prevent the **construction** or **use** for a purpose prohibited by this By-Law of any **building** or **structure** the plans for which have, prior to the day of the passing of the By-Law, been approved by the Chief Building Official so long as the **building** or **structure** when **constructed** is used and continues to be used for the purpose for which it was **constructed** and provided the **construction** of such **building** or **structure** is commenced within two (2) years after the day of the passing of this By-Law, and such **building** or **structure** is completed within a reasonable time after the **construction** thereof is commenced.

## 1.10. Transition

- a) If owner/applicants have an approved Draft Plan of Subdivision but have not yet started construction when the new By-law comes into effect, a transition window of three (3) years will apply to the zoning review for new Building Permit applications, after which time the new By-law standards will apply to all new construction.
- b) If owner/applicants have an approved Site Plan application but have not yet started construction when the new By-law comes into effect, a transition window of two (2) years will apply to the zoning review for new Building Permit applications, after which time the new By-law standards will apply to all new construction.
- c) If owner/applicants have completed a formal planning process to rezone under Comprehensive Zoning By-law 2009-141 which granted a Special Provision (SP) that is carried over to the new By-law, the zoning review for new Building Permit applications will continue to apply the former By-law standards only as varied by the SP.
- d) For development that has been fully constructed without an SP, any non-conforming uses or built form standards are considered legal non-conforming. If Building Permits for new construction are submitted, the zoning review will be required to meet the standards of the By-law in effect at the time of Building Permit application.
- e) If owner/applicants have an approved Committee of Adjustment application but have not yet started construction when the new By-law comes into effect, a transition window of one (1) year will apply to the zoning review for new Building Permit applications, after which time the new By-law standards will apply to all new construction.

SECTION 2 ADMINISTRATION

*CITY OF BARRIE – ZONING BY-LAW*

DRAFT

(Page Intentionally Left Blank)

## 2. Administration

### 2.1. Administrator

- a) This By-law shall be administered by any person, or persons, designated by the Council of the City of Barrie.

### 2.2. Violations and Penalties

- a) Any person who breaches any of the standards or provisions of this By-law is guilty of an offence under the *Provincial Offences Act, R.S.O. 1990, c.P.33*, and is liable to the penalties specified under the *Planning Act, R.S.O. 1990, c.P.13*.
- b) If a **use** has been investigated by the appropriate authority and determined to be unlawful under the Criminal Code of Canada, Provincial Offences Act, Rental Tenancies Act, or other such legislation, it is deemed not to be permitted.

### 2.3. Inspection of Premises

- a) Inspection of premises regarding the potential contravention of this By-law will be in accordance with the *Planning Act, R.S.O. 1990, c.P.13*.

### 2.4. Licenses and Permits

- a) No building permit, or license, will be issued if the permit or license that is required for a proposed **use** of land or the proposed **construction, alteration**, enlargement or use of any **building** or **structure** is in violation of any standards or provisions of this By-law.

## 2.5. Change of Use

a) If there is a change in **use** if any lands, **building**, or **structure** then the new **use** must be in accordance with the standards and provisions of this By-law.

## 2.6. Interpretation

a) This By-law is a shift from a traditional structure to a more modern, form-based approach. Building typologies are identified at the beginning of each **zone**-specific section of this By-law, those permitted **buildings** and **structures** are presented in a table, indicating which zone they are permitted within. When reviewing this By-law, please ensure that you are considering the zoning of a property, as well as those permitted **buildings** and **structures** within that **zone**. Land use is still regulated through this By-law, however, there is no longer a prescribed relationship between a **building** type, and a **use**.

b) For convenience purposes only, words that are bolded in this By-law have a corresponding definition, which can be found in **Section 0**. Words that are not bolded should be given their plain and ordinary meaning as the context requires, at the discretion of the Zoning Administrator.

c) Unless otherwise shown, a **street**, **lane** or railway right-of-way, electrical transmission line right-of-way or **watercourse** shall be included within the **zone** of the adjoining property on either side, and where such **street**, **lane**, right-of-way or **watercourse** serves as a boundary between two (2) or more different **zones**, then the centre line of such **street**, **lane**, right-of-way or water course and extending in the general direction of the long dimension shall be deemed to be the boundary between zones.

Commented [LM1]: Replace with "Section 15"

- d) If any **zone** boundary is not shown to be a **street, lane**, right-of-way or **watercourse**, and where the boundary approximately follows **lot lines**, then such **lot lines** shall be deemed to be the **zone** boundary unless another provision of this By-Law dictates otherwise.
- e) If a **street, lane** or right-of-way and the limit of any portion thereof is closed then the property formerly within such **street, lane** or right-of-way shall be included within the **zone** adjoining the property, and if such **street, lane** or right-of-way was a **zone** boundary then the new **zone** boundary will be the former centre line of the closed **street, lane** or right-of-way.
- f) Illustrations, margin notes, and any unnumbered graphics are provided for the purposes of convenience and do not form part of this By-law.
- g) Numbered tables and any associated table note form part of this By-Law. If there is any conflict between a table and the text of this By-Law, then clarification can be sought from the Administrator of this By-Law.

### 3.1. Accessory Buildings, and Structures

#### 3.1.1. Accessory Buildings, and Structures in the Neighbourhood Low Zone

- a) All **accessory buildings and structures** in a Neighbourhood Low **zone** shall:
- i. **Accessory buildings, and structures** are permitted in conjunction with a permitted **building** type as per Table 23;
  - ii. **Accessory buildings, and structures** are only permitted in the **exterior side, interior side, and rear yards**, except for attached garages, and porches;
  - iii. Be setback a minimum of 1.2 metres from the **rear lot line** in the case of a rear-access **lot**;
  - iv. The total **lot coverage** associated with the permitted **building** type on site shall include all **non-habitable accessory structures**;
  - v. Inground and above ground pools are excluded from the maximum permitted **lot coverage**;
  - vi. All pool equipment must meet the required **setbacks** noted in Table 4;
  - vii. **Decks** under 1.8 metre in height, both detached and stand-alone, are excluded from maximum **lot coverage**;  
and
  - viii. Notwithstanding Table 4, porches and decks for access to a habitable **building** are permitted to be **setback** 3 metres from the **front lot line**.

Table 4: Additional Accessory Building and/or Structure Standards

Yard and Building Standards	Attached Garage	Detached Garage	Carport	All Other Accessory Buildings, and Structures
Exterior Side Yard Setback (Minimum)	3 m	3 m	1.5 m	0.6 m
Front Yard Setback (Minimum)	5.5 m	6 m	6 m	6 m
Interior Side Yard Setback (Minimum)	1.2 m on at least one interior side yard, otherwise, 0.6 m	1.2 m	0.6 m, except in the case of an attached building type, in which case N/A	0.6 m
Rear Yard Setback (Minimum)	5 m	1.2 m	6 m	0.6 m
Building Area (Minimum)	22 sq m	22 sq m	N/A	N/A
Building Height (Maximum)	4.5 m	4.5 m	4 m	4 m

Table Notes:

- \* Where an **Attached Garage**, or **deck**, is situated with any **Rowhouse building**, the **Interior Side Yard** may be reduced to 0 metres on one side.

- \* Where an **Attached Garage**, or **deck**, is situated with any **Semi-Detached building**, the **Interior Side Yard** may be reduced to 0 metres on one side.
- \* Where an **Attached Garage** protrudes from and is not located under or within a **ground-oriented building**, the height of the garage will be measured as if it were a separate structure.
- \* A porch may encroach into the **front yard setback**.

### 3.1.2. Accessory Buildings, and Structures in All Other Zones

- a) All **accessory buildings** and **structures** and **uses** shall:
  - i. Be setback a minimum of 1.2 metres from the **rear lot line** in the case of a rear-access **lot**.
  - ii. The **principal use** or **building** must be established on the same **lot** as the **accessory building(s)**, except for permitted sales trailers.
  - iii. The maximum **lot coverage** of all non-habitable **accessory buildings** shall be 15% of the total **lot area**, which is to be included in the total **lot coverage** calculation for the **zone** in which it is to be located.
- b) All **mechanical equipment** that is:
  - i. Installed outside of a **principal building** is deemed an **accessory structure** to the **principal building** for the purpose of this By-Law and must be setback a minimum of 0.6 metres from all **lot lines**.
  - ii. Enclosed and attached to the **principal building** is deemed to be a part of the **principal building**.
- c) **Mechanical equipment** is prohibited to locate within the **front yard**, except in the case of a **back-to-back rowhouse**, where equipment permitted in a **front yard** shall be effectively screened from any street.

#### Drive-Through Facilities

- d) No person shall **use** any land, **building** or **structure** for any **use** containing a **drive-through facility**:
  - i. Within any Commercial or Employment **zone** that is **adjacent** to a Neighbourhood **zone**, except where a minimum distance of 15 metres separates all points of the **drive-through facility** including **stacking lanes** and speaker boxes from any Neighbourhood **zone**, and provided that all other applicable development standards are satisfied.
- e) A **drive-through facility** is only permitted as an **accessory use** to a **primary use**.
- f) No part of a **stacking lane** shall be within any **driveway** or **parking aisle** and shall be distinctly demarcated; and
- g) Any speaker box or menu board or similar structure shall not be permitted in any **yard** abutting a Neighbourhood **zone**.

#### Hen Coops

- h) Where **hen coops** are permitted as **accessory structures** by this By-law they must:
  - i. Be located a **rear yard**;
  - ii. Be located at least 1.2 metres from the **side lot line** and at least 1.2 metres from the **rear lot line** of the **lot** on which the **hen coop** is located;
  - iii. Must be no greater than 9 square metres, and no greater than 4 metres in **height**;
  - iv. Must have an enclosed roof **structure**;
  - v. Hens are to be kept in accordance with all other laws including City By-Laws respecting noise, property maintenance standards, as well as provincial legislation with regards to the keeping of animals; and,

- vi. **Hen coops** are prohibited in Well Head Protection Area (WHPA) “A”, and Intake Protection Zone “1” (IPZ 1) as identified in Appendix B.

### 3.1.3. Accessory Outdoor Sales and Display Areas, and Accessory Outdoor Storage

- a) **Outdoor sales and display areas**, and **outdoor storage**, is permitted only as an **accessory use** to a similarly permitted **use**, as determined through the permitted **use** tables of this By-law;
- b) If any **use** requires **outdoor storage** of ‘other’ merchandise, then no merchandise display shall exceed 3 metres in height and project further than 4.5 metres from the **building face** of any **adjacent building**;
- c) Accessory **outdoor sales and display areas, and outdoor storage** shall maintain the same minimum **setbacks** for **accessory buildings, and structures** as required by the **zone** in which the **outdoor storage** is located;
- d) Accessory **outdoor storage** shall not exceed 30% of the total **lot area**, unless it is associated with an **automotive rental and sales establishment, automotive repair and service station, or automotive wrecking and repair establishment**;
- e) Accessory **outdoor storage** is prohibited in the **front yard**, or **exterior side yard** of any **lot**;
- f) Accessory **outdoor storage** shall be restricted to a maximum height of 4 metres, except when storing machinery or equipment;
- g) Any permitted accessory **outdoor storage** which **adjacent** to a **street** or a **lot** in any **zone**, other than the **zone** in which the accessory **outdoor storage** is located, must be screened from view from the **street** or **lot** through the **construction** and maintenance of a stone, or masonry wall, or chain link fence, and appropriate landscaping screen, and no such enclosure shall be less than 2 metres in height;
  - i. The fence shall maintain the same **setbacks** as required for the accessory **outdoor storage**;

- h) If the height of the accessory **outdoor storage** exceeds the height of the required fence, then coniferous planting must be provided between the fence and the **lot line** along the **street**;
- i) Areas dedicated to accessory **outdoor storage** shall be **constructed** with a stable surface of crushed stone, slag, gravel, crushed brick or tile, cinders, asphalt, concrete, or portland cement binder, which have, which have been treated to prevent the raising of dust or loose particles;
- j) All vehicular access connecting these areas with a **street** shall be paved with an asphalt or concrete surface;
- k) All accessory **outdoor storage** areas must be adequately drained;
- l) Areas dedicated to accessory **outdoor storage** must not encroach into parking and/or loading areas required by this By-law;
- m) If lighting facilities are provided in conjunction with any permitted accessory **outdoor storage**, then such lighting shall be so arranged as to deflect light onto the accessory **outdoor storage** area, and away from any adjoining properties or **streets**;
- n) Accessory **outdoor storage** shall not exceed 50% of the total **gross floor area** of the primary **building**; and,
- o) For any **lot** abutting Highway 400, accessory **outdoor storage** shall only be permitted in **interior side yards** and must be fully screened from Highway 400 by the primary **building**.

## 3.2. General Building Standards

### 3.2.1. Active Frontage Requirements

- a) **Low-rise**, and **mid-rise buildings** fronting onto an intensification corridor, or arterial **street**, as identified in Appendix F, require a minimum of 25% of the **gross floor area** of the ground floor to consist of non-residential **uses**;

- b) Where the ground floor of a **mid-rise building** facing a **street** includes **residential uses**, the ground floor of the **building** containing **residential uses** shall be **setback** an additional 1.5 metres from the façade of the non-residential **uses**; and
- c) If a **mid-rise building** is required to provide non-residential **uses**, a minimum of 50% of the frontage along a **street**, or **common amenity area**, shall be for non-residential **uses**, but shall not be used for commercial parking, an **underground parking structure**, or above-ground parking structure, or surface parking lot.

### 3.2.2. Angular Plane

- a) **Angular planes** are required on **mid-rise buildings**, and **high-rise buildings**, when:
- i. They are located on a **lot** with a shared **lot line** a Neighbourhood Low **zone** in which case the **building height** above the fourth (4<sup>th</sup>) **storey** shall not exceed an **angular plane** of 45 degrees, as measured from the shared **lot line** at **street** level, from any **lot** in the **adjacent** Neighbourhood Low **zone**.

Figure 1: Angular plane measured from the adjacent Neighbourhood Low zone

### 3.2.3. Building Form Standards

- a) A minimum ground floor height of 3.5 metres shall be required for all **low-rise buildings, mid-rise buildings, and high-rise buildings**, with non-residential **uses** on the ground floor in all zones except the Neighbourhood Low **zones**; and
- b) A minimum of three (3) and a maximum of eight (8) continuous **rowhouse units** are permitted for all types of **rowhouse** forms.

### 3.2.4. Building Step-Backs and Setbacks

- a) A 3 metre **step-back** shall be provided on any floor, between the second (2<sup>nd</sup>) and sixth (6<sup>th</sup>) **storey**, on **mid-rise, and high-rise building** face(s) adjacent to a **street** as shown in Figure 2;

- b) Between the seventh (7<sup>th</sup>) and up to the 12<sup>th</sup> **storey, mid-rise, and high-rise, buildings** shall be **setback** a minimum of 7.5 metres from any **interior lot line, or rear lot line** as shown in Figure 3; and
- c) Any portion of a **building** above the 12<sup>th</sup> **storey** shall be **setback** a minimum of 12.5 metres from any **interior lot line, or rear lot line**.

### 3.2.5. Buildings to Transition to the Neighbourhood Low Zone

- a) **Rowhouse, cluster, and low-rise buildings**, for the purpose of **transition**, shall only be permitted on a **lot** if:
- i. The **lot** is **adjacent** the Neighbourhood Low **zone**;
  - ii. Can only locate within the **yard** immediately **adjacent** to the Neighbourhood Low **zone**; and
  - iii. Are subject to the standards in Table 5: Permitted Buildings to Transition Lot, Yard, and Amenity Standards and Table 6: Permitted Buildings to Transition Standards.

Table 5: Permitted Buildings to Transition Lot, Yard, and Amenity Standards

		Building Types	
		Low-rise Building	Rowhouse Cluster

	Low-rise Buildings	Rowhouse Cluster
Dwelling Unit Width	N/A	6 m
Building Height	2 Storeys (5.5 m) Minimum 4 Storeys (14 m) Maximum	4 Storeys (14 m) Maximum
Building Length	60 m	

### 3.2.6. Common and Private Amenity Areas

- a) **Lots** with 10 **dwelling units** or less are not required to provide any **amenity area**.

#### Common Amenity Areas

- b) **Common amenity** areas shall be designed and located so that:
- i. The length does not exceed four (4) times its width;
  - ii. Shall be in any **yard** other than a required minimum **front yard** or required minimum **exterior side yard**;
  - iii. **Building** rooftops, patios and above ground decks may be included as part of the **common amenity** area if they are accessory to recreational facilities, such as swimming pools, tennis courts, lounges, etc.; and
  - iv. Shall not include **private amenity** areas.

#### Private Amenity

- c) The following standards apply to all **private amenity** areas in any **zone** where amenity area is required. **Private Amenity** areas shall:

- i. Not form part of a required **front yard** or **exterior side yard**;
- ii. Be accessible from each **dwelling unit**;
- iii. Be defined by a wall or fence between **adjacent dwelling units**; and
- iv. Provide a minimum distance of 3.0 metres between a **private amenity area** and a wall of another **building** containing windows of habitable rooms which face the **private amenity** area.
- v. Notwithstanding 4.19.2.ii), **private amenity** areas for ground level **dwelling units** in back-to-back, stacked and stacked back-to-back **rowhouses** may be provided in the **front yard** within an unenclosed porch or balcony with no privacy screen. **Private amenity** areas for **dwelling units** below finished grade shall have a maximum 50% first **storey** projection above the below grade patio;
- vi. **Private amenity** areas for above grade **dwelling units** in **back-to-back, rowhouses** and stacked **back-to-back, rowhouses** shall consist of a balcony and be defined by a wall or railing between adjacent units to a height of 1.8 metres and to provide a minimum balcony depth of 1.8 metres; and,
- vii. **Private amenity areas** may not be used for, or contribute to, the required **common amenity** area.

#### Balcony Standards

- d) A balcony must remain open on all sides except those along an exterior wall to which it is attached, or where a separation for balconies between **adjacent dwelling units** is required;
- e) A balcony must be fully supported by the **building** to which it is attached; and,
- f) A balcony may not encroach into a **street** or public right-of-way, unless otherwise permitted in this By-Law.

### 3.2.7. Facing Distances

- a) **Facing distances** prescribed in Table 7 apply when any combination, or greater, of **low-rise buildings, mid-rise buildings, high-rise buildings, and rowhouse buildings** are located on the same **lot**:

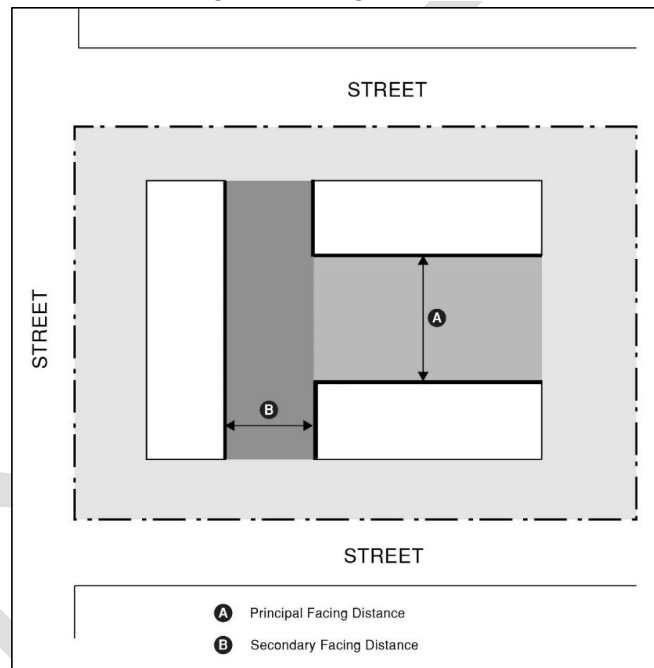

*Table 7: Building Facing Distances*

<b>Building Facing Distances</b>	<b>Minimum Separation Distance</b>
One (1) to Two (2) and a half (1/2) Storeys	9 m
Three (3) to Four (4) Storeys	11 m
Five (5) to 12 Storeys	15 m
13 or More Storeys	25 m

- b) An additional one (1) metre of **facing distance** is required when below grade entrances and/or below grade private outdoor **amenity area** is provided;
- c) Where **buildings** that face each other differ in height, the greater height shall be used to determine the required **building facing distance**;
- d) A **facing distance** a minimum of 50% of the standard noted in Table 7: *Building Facing Distances* is permitted between the principal **face** and the secondary **face** of any two (2) **buildings**; and

e) Notwithstanding the above, the minimum distance between any two (2) **buildings** with no windows to **habitable** living space on the same **lot** shall be three (3) metres.

Figure 4: Facing Distances

### 3.2.8. Floor Plate and Podium Lengths

- a) The maximum floor plate size (applicable only to the 13<sup>th</sup> **storey**, or greater), shall be 850 square metres, measured to the exterior walls, excluding any terraces and balconies; and
- b) The maximum podium length shall be 90 metres.

### 3.2.9. Integration of Flex Buildings

- a) A **flex building** shall be treated as a **podium** when integrated with either a **mid-rise**, or **high-rise building**. When integrated with these forms, a **flex building** shall conform to the applicable standards for the **zone** either a **mid-rise**, or **high-rise building** is located in.

### 3.2.10. Multi-Unit Ground Oriented Buildings

- a) Nothing in this By-law shall prohibit an existing **detached house**, **semi-detached house**, and **rowhouse** in the Neighbourhood Low, Urban Transition, Urban Core, or Mid-Rise **zones**, to be altered, retrofitted, or redeveloped or expanded, as to become a **multiplex**, subject to the standards within which the **lot** is located.

### 3.2.11. Window to Wall Ratio

- a) The façades of any **low-rise building**, **mid-rise building**, or **high-rise building**, shall have a total maximum of 60% of **window to wall ratio**, as measured across all building façades; and
- b) A minimum of 50% of the façade of any **low-rise building**, **mid-rise building**, or **high-rise building**, abutting a **street**, **landscaped open space**, or **amenity area**, shall be windows, openings, or similar.

### 3.3. General Standards

#### 3.3.1. Landscaped Area

- a) Any portion of a **front yard** which is not used for any other purpose, as permitted by this By-law, is required to be **landscaped area**;
- b) In the Neighbourhood Low **zones**, a minimum of 50% of all **landscaped areas** in the **front yard** of a **lot** shall be provided as soft landscaping, in the form of vegetation such as grass, flowers, trees and shrubbery;
- c) In all other **zones** a minimum of 50% of all **landscaped areas** on a **lot** shall be provided as soft landscaping, in the form of vegetation such as grass, flowers, trees and shrubbery;
- d) Where a **driveway** is provided in the Neighbourhood Low **zones**, a minimum 1-metre-wide **landscaped area** is required, immediately adjacent to one side, which must be provided as 50% soft landscaping; and
- e) Where a **parking lot**, is provided within a Neighbourhood Low **zone**, a minimum 1-metre-wide **landscaped area** is required, which must be provided as soft landscaping, immediately adjacent to all sides of the **parking lot**.

#### Snow Storage

- f) **Snow storage** is not permitted to be located within the required **amenity areas**, or **planting buffers**;
- g) **Snow storage** is not permitted within the required **landscaped area(s)** dedicated to soft landscaping as per 3.3.1.c); and
- h) **Ground-oriented buildings** with less than 10 residential units are exempt from providing **snow storage** in all **zones**.

### 3.3.2. Permitted Encroachments

- a) An underground **parking structure**, staircase, or accessibility ramp, which is connected to a **building** entrance, in any **zone**, shall:
  - i. Be permitted to occupy the **front, side, or rear yards**, except as provided for elsewhere in this By-law.
  - ii. Accessibility ramps, or accessibility lifts, are permitted in any **yard** and are not subject to height and **setback** requirements of the **zone** in which they are located.
- b) Any below grade unenclosed entryways shall be permitted to encroach into an **interior side yard**, or **rear yard**, but shall not cause any **interior side yard** to be less than 0.6 metres, or any **rear yard** to be less than 4 metres.
- c) A **balcony**, located above the ground floor of a **building**, may encroach into the required **setback** of any **zone** but shall not cause any **setback** to be less than 0.6 metres.
- d) Notwithstanding any other standards or provisions of this By-law, roof eaves, chimneys, exhaust vents, and bay windows, projecting from **accessory structures** are permitted in any **yard** and are not subject to the **setback** requirements of the **zone** in which they are located.

### 3.3.3. Permitted Uses in All Zones

- a) Community Gardens
- b) Community Mailboxes/Library Boxes
- c) **Conservation Uses**

### Infrastructure and Utilities

- d) Any service or utility owned and/or operated by the City of Barrie, an agency of the Province of Ontario, or the Federal Government of Canada, is not subject to the provisions and standards of this By-Law;
- e) Any lands may be used, and any **buildings** or **structures** may be **constructed, altered**, enlarged, or used in any **zone** for the following purposes, provided those **buildings** or **structures** are in compliance with the standards and provisions of the **zone** in which they are located:
  - f) Emergency services of any **public authority**;
  - g) Any **public utility** provider; and/or
  - h) Any **public utility**, provided by a private company, or organization, except for, incinerators, landfills, waste collection, and/or recycling facilities, or any **public utility use** with open storage of materials.

#### 3.3.4. Planting Buffers

- a) A contiguous planting buffer of a minimum width of 3 metres shall be provided:
  - i. Along lot lines of all zones adjacent to Neighbourhood Low zones. Planting buffers are not required between lots in Neighbourhood Low **zones**.
  - ii. Along lot lines of Employment **zones** abutting a Neighbourhood, Mid-Rise, Commercial, Employment, Community Hub, Greenspace, or Environmental Protection **zone**.
  - iii. Along abutting lot lines of all zones adjacent to Environmental Protection **zones**.

### 3.3.5. Rail Corridor Setbacks

- a) All new **development** in all **zones** must comply with the **setbacks** listed in Table 8 per The Federation of Canadian Municipalities and The Railway Association of Canada, and Table 9 as per Metrolinx.

*Table 8: Setback from the Barrie Collingwood Railway (BCRY) Corridor*

<b>Railway Operation</b>	<b>Setback</b>
Main Line (from Essa Road in proximity to the Barrie Allandale Transit Terminal to Utopia)	30 m
Spur Lines	15 m

*Table 9: Proximity to Metrolinx Rail Lines*

<b>Uses</b>	<b>Setback</b>
Residential	30 m
Commercial	30 m
Institutional Uses	30 m
Industrial (high occupancy)	30 m
Programmed Open Space	30 m
Industrial (low occupancy)	15 m

### 3.3.6. TransCanada Pipeline Requirements

- a) Notwithstanding anything in this Zoning By-Law to the contrary, no permanent **building** or **structure** shall be located within 7 metres from the limit of the pipeline right-of-way; and
- b) **Accessory structures** shall have a minimum **setback** of at least 3 metres from the limit of pipeline right-of-way.

### 3.3.7. Setback from High-water Mark

- a) Notwithstanding any other standard or provision of this By-law, **development** shall be **setback** a minimum of 30 metres from lakes, which shall be measured from the average **high-water mark**.

DRAFT

### 3.3.8. Sight Triangles

#### Driveways

- a) All **driveways** shall provide **sight triangles** consisting of an unobstructed triangular area on either side of the **driveway**, as measured from the point of intersection of the **lot line** and each edge of the vehicular access on the **lot**, side of the sidewalk, or curb, whichever is closer to the **lot line**, and measuring 3 metres by 3 metres.
- b) No **building, structure**, play equipment, statue, or parked vehicle shall be located within any part of a **site triangle**.
- c) A **fence**, hedge, shrub, or foliage may be located within a **sight triangle** provided its **height** does not exceed 0.8 metres above the level of the travelled portion of the **street**.

### 3.3.9. Standards for Lands Abutting Highway 400

- a) All **buildings, structures**, and land **uses** considered integral to site operations (e.g., **drive-through**, drainage features/ponds, loading docks, essential **drive aisle**, fire routes) must be **setback** a minimum of 14 metres.
- b) Non-essential parking, as identified by the Ministry of Transportation Ontario (MTO), may encroach into the required 14 m **setback**.

### 3.3.10. Temporary Uses

#### Construction Facilities

- a) **Construction**, maintenance, and demolition, are permitted activities along with any sheds, trailers, **outdoor storage**, scaffolds, or other **structures** incidental to **construction** on the same **lot** on a temporary basis, and only for so long as the same is necessary for work in progress which has neither been finished or abandoned; and
- b) **Construction** facilities shall comply with the **accessory building** standards of the **zone** in which they are located.

#### Model Homes

- c) More than one **building** in the form of a **detached house**, **semi-detached house**, and **rowhouse**, **constructed** on a site, prior to registration of the Plan of Subdivision, Plan of Condominium, or Site Plan, shall be permitted subject to the following restrictions:
- d) The **buildings** shall be used as model homes only, and shall not be occupied prior to approval by the **City** in accordance with the subdivision agreement, condominium agreement, or site plan agreement;
- e) The number of **lots** used for model homes shall not exceed 10% of the number of draft approved **lots** for a Plan of Subdivision, or 15 **lots**, whichever is less; and
- f) Compliance with all other standards and provisions of this By-law, as though the **buildings** were **constructed** on **lots** within a registered Plan of Subdivision, Plan of Condominium, or Site Plan.

#### Occasional or Special Events

- g) An **occasional or special event**, for profit or not, is permitted in all **zones**, where the event is limited to a maximum of four (4) days within a calendar year.

#### Temporary Sales Trailers

h) A temporary **construction** shed, trailer, site office, or sales office, may be provided on a **construction** site or in a Plan of Subdivision, for the period during which the **construction** of new **buildings** is taking place; provided, however, that such temporary **building** or **structure** is placed in accordance with the standards and provisions of Section 3 of this By-law, and for the **zone** in which such temporary **building** or **structure** is located.

#### Temporary Shipping, Storage Containers, and Large Disposal Bins

i) The **use** of shipping containers for storage and/or moving, including large disposal bins, is permitted in all Neighbourhood **Zones** for a period of up to 90 days and shall only be located on a **driveway**.

#### 3.3.11. Waste Management for Residential Buildings

a) Notwithstanding any provisions to the contrary, all **buildings** and **structures** containing six (6) or more **dwelling units** shall provide waste receptacles (e.g., garbage bins, recycling bins, and organic waste bins), according to the following standards:

- i. The storage of a waste receptacle, or receptacles, shall be within the **primary building**, or a permitted **accessory building** or **structure**;
- ii. Any **accessory building** or **structure** accommodating waste receptacles shall not be permitted within the front yard;
- iii. Any **accessory building** or **structure** accommodating waste receptacles shall not be permitted within 10 metres of the front face of the **primary building**;

- iv. The main opening of an **accessory building** or **structure** accommodating waste receptacles shall not face any street frontage; and,
- v. All other standards related to **accessory buildings** or **structures** contained in Section 3.1 shall apply.

### 3.4. Specific Use Standards

#### 3.4.1. Coach Houses

- a) Where a **coach house** is permitted by this By-law, the permitted height of the **coach house** shall not exceed that of the primary **building**. The primary **building**, being the **building** type originally located on, or **constructed** first, on the **lot**;
- b) **Coach Houses** are only permitted in conjunction with a **Detached House, Semi-Detached, and/or Rowhouse building** type;
- c) **Coach Houses** are not permitted to include basements;
- d) **Coach Houses** are not permitted in a **front yard**;
- e) **Coach Houses** may only be permitted on **lots** with frontage on a **street**; and,
- f) A 1.2-metre-wide unobstructed path of travel shall be provided to the primary entrance of the **coach house** from the **street, driveway, or parking lot**.

#### 3.4.2. Commercial Vehicles and School Buses

- a) The parking and storage of **commercial vehicles** in excess of 4,500 kilograms gross vehicle weight, or those designed specifically for **commercial, industrial, or agricultural** purposes, is prohibited in all Neighbourhood, Community Hub, Greenspace, and Environmental Protection **zones**; however, school buses are permitted to be

parked and stored in any Community Hub **zone** if there is a **school** or **place of worship** located on the same **lot** as the primary **use**.

#### 3.4.3. Ethanol Production Facility

- a) No ethanol production facility shall be located closer than 1,000 metres from:
  - i. Any other ethanol production facility;
  - ii. A Neighbourhood Zone;
  - iii. Lands containing one (1) or more **dwelling units**; or
  - iv. A **school, hospital, or place of worship**.

#### 3.4.4. Food/Refreshment Stands

- a) The **primary use** or **building** must be established on the same **lot** as the **food/refreshment stand**;
- b) **Food/refreshment stands** are only permitted in the **rear** and **interior side yards**;
- c) Must be **setback** a minimum of 2.0 metres from any **lot line**;
- d) Are not permitted within the required **landscape area** or **private amenity area**;
- e) Are not permitted to occupy a required **parking space**; and
- f) Any permitted **food/refreshment stand** is required to meet all other approvals and requirements, required by other municipal by-laws.

#### 3.4.5. Home Occupations

- a) A **home occupation** is permitted in all **dwelling units**, and **accessory buildings**, across all **zones**, subject to the following provisions:

- i. If the **home occupation** is located within a **dwelling unit**, then the **gross floor area** of the **home occupation** must be 25% less than the **gross floor area** dedicated to the **dwelling unit**, or **accessory building**;
  - ii. A maximum of one (1) employee, other than a resident of the associated **dwelling unit** is permitted to work at the **home occupation**; and
  - iii. A **home occupation** must take place entirely within an enclosed **building**, except for **child care**, **private home**, or other uses requiring outdoor instruction.
- b) The following **uses** are prohibited as a **home occupation**:
- i. The sale and servicing of motor **vehicles**, recreational **vehicles**, or any motorized equipment;
  - ii. Primary direct sales where the primary **use** is point of sale transactions direct to the consumer, excluding sales of any service-related products; and
  - iii. A **retail store**.

#### 3.4.6. Noxious or Offensive Trade, Business or Manufacture

- a) Any **use** which, from its nature, or the materials used therein, is declared by the City of Barrie to be noxious or offensive trade, business or manufacture, shall be prohibited.
- b) For the purposes of this provision, the manufacturing and processing of noxious products is defined as the manufacturing, refining or rendering of asbestos products, asphalt, blackening or polish, brick or tile, cement, gypsum, lime, or plaster of paris, dextrin, glucose or starch, dye, fat, grease, lard or tallow, gelatin, glue or size, soda or potash, vinegar, ethanol, rubber and vehicle tires, or similar substances.

#### 3.4.7. Municipal Services

a) Unless otherwise specified by this Zoning By-Law, no **building** or **structure** shall be **constructed** or **used** for human occupancy after the date of passing of this Zoning By-Law unless such **buildings** or **structures** are served by municipal water supply and municipal sanitary sewage disposal facilities, unless otherwise specifically permitted by this Zoning By-Law.

#### 3.4.8. Privately Serviced Lots

a) The creation of new **dwelling units** on privately or partially serviced lands with an existing dwelling shall be prohibited until the Holding (H) symbol is removed pursuant to Section 36 of the *Planning Act*. The Holding (H) symbol shall be lifted by the Corporation of the City of Barrie upon the owner demonstrating that the lands are connected to full municipal water and sewer services.

#### 3.4.9. Outdoor Patios

- a) An **outdoor patio** may not exceed 50% of the **gross floor area** of the **use** which it is accessory to; and
- b) Parking shall be provided in accordance with the **zone** standards, as applicable, to the **zone** and **use** to which the **outdoor patio** is accessory to.

#### 3.4.10. Recreational Vehicles or Trailers

a) The **use** of a recreational vehicle or trailer, for living, sleeping, housekeeping purposes or as a housekeeping unit, is prohibited in all **zones**, unless otherwise specified by this By-law.

#### 3.4.11. Seasonal Sale of Fruit and Vegetables

- a) The sale of fruit, vegetables, plants and other such home-made/farm produce, or artisanal products on a seasonal basis is permitted in all Urban, Commercial, and Community Hub **zones**, subject to the applicable **zone** standards including, but not limited to, minimum and maximum parking requirements.
- b) The sale of products permitted in (a) must be done through temporary garden centres, temporary fruit stands or temporary **farmers markets**.

SECTION 4 PARKING & LOADING

*CITY OF BARRIE – ZONING BY-LAW*

DRAFT

(Page Intentionally Left Blank)

## 4. Parking and Loading

### 4.1. General

- a) **Parking spaces** must be provided and maintained in accordance with the following requirements:
  - i. Parking requirements are determined based on the Parking District in which a lot is located;
  - ii. **Parking spaces** must be located on the same **lot** as the corresponding **use** and **building**, unless otherwise specified by this By-law; and
  - iii. Notwithstanding 4.1. a) ii., a portion of a **lots** required non-residential parking spaces may be located off-site on a separate **lot**, subject to the requirements of Section 4.7.3.
- b) If a calculation for the required minimum/maximum number of standard **parking spaces** or **bicycle parking spaces** results in a non-integer greater than one (1), then the required minimum/maximum number of standard **parking spaces** must be rounded up to the nearest integer.
- c) If a calculation for the required barrier free **parking spaces** results in a non-integer value greater than zero (0), then the required number of barrier free **parking spaces** is rounded up to the nearest integer.
- d) If more than three (3) **parking spaces** are required on a non-residential **lot**, then all **parking spaces** shall be clearly marked; and
- e) No parking is permitted in any required **landscape areas** or **planting buffers**.

### 4.2. Surfacing Requirements

- a) Non-residential **parking spaces**, **driveways**, and **aisles** shall be **constructed** and maintained with concrete, asphalt or pavers, and curbed with a continuous poured concrete curb.

- b) In the **Employment Industrial (EI)** and **Employment Restricted Industrial (ER) zones, parking spaces, loading spaces, driveways** and **parking aisles** in any **yard** that does not abut a **street** may be **constructed** with a stable surface of crushed stone, slag, gravel, crushed brick or tile, cinders, asphalt, concrete or portland cement binder, which have been treated to prevent the raising of dust or loose particles. All vehicular access connecting these areas with a **street** shall be paved with an asphaltic or concrete surface from the **lot line** to the traveled portion of the **street**. In all cases, provisions shall be made for adequate drainage facilities.
- c) Residential **parking spaces, driveways** and **aisles** shall be **constructed** and maintained with concrete, asphalt or pavers.
- d) **Loading spaces** shall be **constructed** and maintained with concrete.
- e) If three (3) or more **parking spaces** are required on a **lot** with a non-residential **use**, then all **parking spaces** must be clearly marked.

#### 4.3. Minimum Parking Space Sizes

- a) Each **parking space**, with the exception of barrier free **parking spaces**, shall have a minimum width of 2.7 metres and a minimum length of 5.5 metres;
- b) Unless **tandem parking** is permitted, each **parking space** shall have direct access to a municipal road, to a **parking aisle** or be located within a **driveway**;
- c) Each parallel **parking space** shall be a minimum width of 2.7 metres and a minimum length of 6.7 metres, except for the first and/or last space in a row, which may have a minimum length of 5.5 metres provided it is located a minimum of 1.5 metres from any intersecting **street, lane** or obstruction; and

d) Structural columns located within a **parking structure**, may encroach into a required **parking space**, provided that the encroachment does not reduce the width of the **parking space** to less than 2.5 metres.

#### 4.4. Minimum Parking Aisle Widths

a) A **parking aisle**, for one-way traffic only, must provide the following:

*Table 10: Minimum Parking Aisle Widths for One-Way Traffic*

Angle of Parking Space	Minimum Aisle Width for One-Way Traffic
30 Degrees	2.8 m
45 Degrees	3.4 m
60 Degrees	5.2 m
90 Degrees	3.7 m
Parallel to Curb	3.7 m

b) For two-way traffic, a minimum **parking aisle** width of 6.0 metres is required.

#### 4.5. Driveways

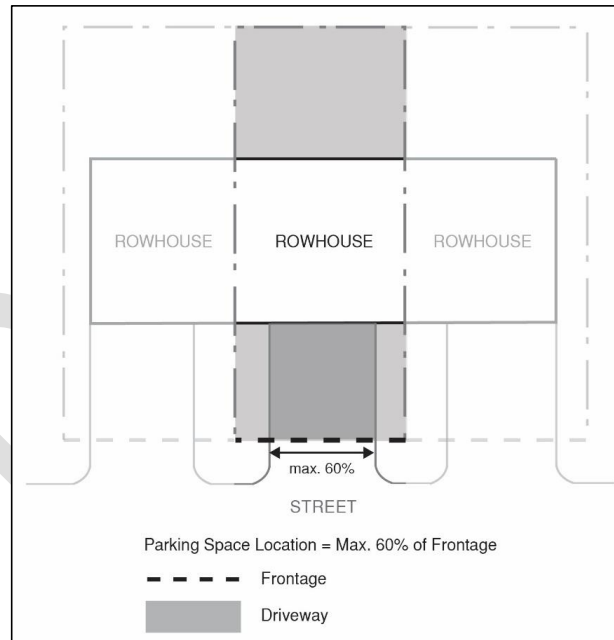

a) A **driveway** must be a minimum 2.7 metres wide, and 6 metres long, providing connection to any **parking lot** located in the **rear, interior** or **exterior side yards**, to a **street**;

##### 4.5.1. Driveway Locations in Neighbourhood Zones

a) In the Neighbourhood Low **zones** a **driveway** may be a maximum width equal to 60% of the **lot frontage** of a **lot**.

- b) The **driveway** may extend from the **front lot line** to the face of the primary **building**, or access the **interior side**, and **rear yard**.
- c) Only one **driveway** access is permitted, per **lot**, except for through-lots, which are permitted access from both the **front** and **rear lot lines**.
- d) A **driveway** may be used as a **parking space**, including a **tandem parking space**.
- e) A **parking lot** may not be located within the **front yard** of a Neighbourhood Low zone.

## 4.6. Motor Vehicle Parking Requirements

### 4.6.1. Parking Structures

- a) **Parking structures** are permitted in all **zones**, except for the Greenspace (GS), and Environmental Protection (EP) **zones, accessory** to a permitted **use**, and subject to the below, Table 11 and Table 12; and
- b) A **parking structure** may be either above or below-grade.

#### 4.6.3. Barrier Free Parking Spaces

- a) If more than four (4) **parking spaces** are required for a **parking lot**, then barrier free **parking spaces** for the exclusive use of persons with disabilities must be identified with a provincially regulated vertical sign displaying the international symbol for barrier free access.
- b) Barrier free **parking spaces** must be built according to the following standards:
  - i. Type A: Minimum 3.4 metres wide and a minimum 5.5 metres in length;
  - ii. Type B: Minimum 3.1 metres wide and a minimum of 5.5 metres in length;

- iii. An adjacent access **lane** of 1.5 metres in width must be provided for a Type A or Type B barrier free parking space;
- iv. The 1.5 metre adjacent access land can be shared by two barrier free **parking spaces**; and,
- v. Barrier free **parking spaces** shall be included in the calculation of required parking and shall be provided in accordance with Table 17: Barrier-Free Parking Space Requirements.

Table 17: Barrier-Free Parking Space Requirements

Total Required Number of Parking Spaces	Required Number of Type A Parking Spaces	Required Number of Type B Parking Spaces
1 to 25 Parking Spaces	1 Parking Space	N/A
26 to 50 Parking Spaces	1 Parking Space	1 Parking Space
51 to 75 Parking Spaces	1 Parking Space	2 Parking Space
76 to 100 Parking Spaces	2 Parking Space	2 Parking Space
Greater than 100 Parking Spaces	1 plus 3% of required Parking Spaces	1 plus 3% of required Parking Spaces

Table notes:

- If an odd number of barrier free **parking spaces** are required, then the odd-numbered space may be a Type B parking space; and,
- If there is any conflict between this Zoning By-Law in the calculation of barrier free **parking spaces** and the Accessibility for Ontarians with Disabilities Act (AODA), then the AODA will prevail.

#### 4.6.4. Electric Vehicle Ready Parking (“EVRP”)

- a) **Detached, Semi-Detached, and Coach Houses**, including any configuration of **Rowhouse**, and any **Additional Residential Units** shall provide all required **parking spaces** as an EVRP;

- b) **Low-, Mid- and High-Rise Buildings**, including **Flex-Buildings**, shall provide all required **parking spaces** as EVRP;
- c) 20% of all required **parking spaces** associated with **commercial** and **industrial uses**, shall be EVRP spaces; and
- d) If there are four (4) or more **residential** units on a **lot** where the required number of **parking spaces** are EVRP, these spaces must be clearly identified and demarcated.

#### 4.7. Parking Flexibility

##### 4.7.1. Shared Parking on a Lot

- a) If the required number of **parking spaces** serves both **residential** and non-residential land uses on the same **lot**, then the number of required **parking spaces** may be reduced by one (1) **parking space** for every five (5) **dwelling units**.

##### 4.7.2. Car-Share

- a) **Car-share** spaces are permitted in any **parking lot**, commercial parking lot, or **parking structure** in any **zone**, and do not contribute to the minimum number of **parking spaces** required on a **lot**.

##### 4.7.3. Distances to Off-Site Parking

- a) A maximum of 25% of required parking is permitted to be provided off-site; and
- b) Where off-site parking is permitted, the maximum distance from the **lot** to the off-site **parking lot** must comply with the below:

Table 18: Maximum Distance to Off-Site Parking

Parking District	Maximum Distance to Off-Site Parking Lot
District 1	150 m
District 2	150 m
District 3	100 m
District 4	30 m
District 5	30 m

#### 4.7.4. Stacked Parking

a) Stacked parking is permitted by way of a multi-level parking system, such as a car lift. Both a car lift and any structure containing a multi-level parking system, when separate from a primary building, shall be considered an **accessory structure**.

#### 4.8. Bicycle Parking

a) The number of **bicycle parking spaces** required by this By-law must be provided on the same **lot** as the corresponding **use** or **building**;

b) If a **lot** contains more than one **use**, the required number of **bicycle parking spaces** is the sum of all **bicycle parking spaces** required for each **use**;

c) If a **lot** contains more than one non-residential **building**, then the **bicycle parking space** requirements are calculated and provided for each **building** as though they are on their own individual **lot**;

- d) Notwithstanding the definition of **gross floor area**, for the purpose of calculating the required number of **bicycle parking spaces**, floor area that is dedicated solely to the storage of goods or products is permitted to be excluded from the **gross floor area** calculation;
- e) All **bicycle parking** racks, and bicycle lockers must be secured to the ground, floor or wall, as the case may be;
- f) All **long-term bicycle parking spaces** must be a minimum of 1.8 metres in length, a minimum of 0.6 metres in width, and overhead clearance in covered spaces shall be a minimum of 2.1 metres; however, if a **long-term bicycle parking space** provides for storage of a bicycle in a vertical position, then the minimum length may be reduced to 1.2 metres; and
- g) All outdoor **bicycle parking spaces** must be surfaced with asphalt, concrete or pavers.

Table Notes:

\* The minimum bicycle parking requirements do not apply to **ground-oriented buildings** in all zones.

#### 4.9. Loading Spaces

a) For any **industrial** or **commercial use**, **loading spaces** shall be provided and maintained on the same **lot** in accordance with Table 21: Minimum Number of Required Loading Spaces:

Table 21: Minimum Number of Required Loading Spaces

Gross Floor Area	Number of Required Loading Spaces
Up to 999 sq m	0
From 1,000 sq m to 2,999 sq m	1

From 7,500 sq m to 13,999 sq m	3
From 14,000 sq m to 19,999 sq m	4
20,000 sq m or greater	1 loading space for each additional 10,000 sq m

#### 4.9.2. Loading Space Size and Location

- a) The minimum dimensions of a **loading space** are 3.5 metres in width and 10.0 metres in length, with a minimum vertical clearance of 4.2 metres and shall:
- i. Not be located in the **front yard** or **exterior side yard** of any **lot**;
  - ii. Be located adjacent to the **structure** for which they serve and shall be screened from view of any public **street** or highway;
  - iii. Not be located within 6.0 metres of any **street line**; and,
  - iv. Not be located within 7.5 metres of a Neighbourhood **zone**.

- a) The elevation of all primary residential entrances shall not exceed 1.2 metres from the **finished grade** of the **front yard**;
- b) The elevation of all primary non-residential entrances shall not exceed 0.6 metres; and,
- c) All pedestrian entrances shall be provided facing the **front lot line** or **exterior side lot line** in the case of a corner lot.

#### 5.7.2. Multiplexes

- a) All **detached, semi-detached** and **rowhouse buildings**, may be permitted up to a maximum of four (4) dwelling units; and
- b) If a **coach house** is provided on the same **lot** as any of the above **buildings**, it must include at least one (1) of the total four (4) dwelling units permitted.

## 9.7. Employment Zones Specific Standards

### 9.7.1. Accessory Uses in the Employment Industrial (EN) Zones

- a) Identified **accessory uses**, as per Table 54, may only be permitted on a **lot** in the Employment Industrial (EI) **zone** in conjunction with a permitted **primary use**. These uses shall:
- i. Be located within the same **building** or **structure** as the **primary use**;
  - ii. Not exceed 25% of the **gross floor area** of the **building** or **structure** within which it exists; and
  - iii. Not exceed 35% of the **gross floor area** of the **building** or **structure** within which it exists, when abutting an arterial **street**.

### 9.7.2. Setbacks to Lots in the Neighbourhood Zones

- a) Any **buildings** or **structures** on a **lot** within the Employment **zones** shall **setback** from an abutting **lot** in the Neighbourhood **zones**:
- i. When the **rear yard** of a **lot** in the Employment **zones** is abutting, **buildings** and **structures** shall maintain a 15-metre **rear yard setback**;

- ii. When the **interior side yard** of a **lot** in the Employment Industrial (EI) **zone** is abutting, **buildings** and **structures** shall maintain a 10-metre **interior side yard setback**;
- iii. When the **interior side yard** of a **lot** in the Employment Non-Industrial (EN) **zone** is abutting, **buildings** and **structures** shall maintain a 6-metre **interior side yard setback**; and
- iv. When either the **rear** or **interior side yard** of a **lot** in the Employment Restricted Industrial (ER) **zone** is abutting, **buildings** and **structures** shall maintain a 40-metre **setback**.

### 9.7.3. Major Retail and Restaurants

- a) A **major retail use** permitted in the Employment Non-Industrial (EN) **zone** shall:
  - i. Have a maximum permitted **lot coverage** of 40%; and
  - ii. Have a maximum permitted **building height** of four (4) storeys (15 metres).
- b) A **restaurant use** permitted in the Employment Industrial (EI) **zone**, if:
  - i. There is only one (1) **restaurant** on the **lot**;
  - ii. It is part of a **multi-unit commercial building**, or it is a separate **building** among a group of **buildings** on the same **lot**, and;
  - iii. It does not exceed 25% of the total ground floor **gross floor area** of the **lot** to a maximum of 300.0 square metres in gross leasable area.

SECTION 16 OVERLAY ZONES

*CITY OF BARRIE – ZONING BY-LAW*

DRAFT

(Page Intentionally Left Blank)

## 16. Overlay Zones

### 16.1. Applicability of Overlay Zones

- a) Despite anything in this Zoning By-Law to the contrary, the requirements in Section 16 of this By-Law apply to all lands in addition to the requirements of the primary **zone**, and any other applicable requirements of this Zoning By-Law; and,
- b) The provisions of Section 16 apply to specific portions of land as delineated on the Zoning Map and do not always apply to entire **lots**, unless otherwise specified.

### 16.2. Intake Protection Zone or Wellhead Protection Area

- a) Notwithstanding any other provision of this Zoning By-Law, all uses listed in Item (b) below are prohibited on any lot located wholly or partly within an Intake Protection Zone (IPZ) or a Wellhead Protection Area (WHPA) as shown on Appendix C – Drinking Water System Vulnerable Areas, until it is demonstrated to the satisfaction of the Risk Management Official (or other duly qualified person under the *Clean Water Act*) that the use does not represent a significant drinking water threat.
- b) The following activities or uses are restricted within an IPZ or WHPA and subject to approval by a Risk Management Official or other duly qualified person under the *Clean Water Act*:
  - i. An activity that reduces the recharge of an aquifer;
  - ii. An activity that takes water from an aquifer or a surface water body without returning the water taken to the same aquifer or surface water body;
  - iii. Application of pesticide to an area of land greater than one (1) hectare;

- iv. Application of road salt to roads, highways or parking lots, if the total impervious area is greater than 80% of the total application area;
- v. Application of untreated septage to land;
- vi. Land disposal of municipal waste;
- vii. Land disposal of solid non-hazardous industrial or commercial waste;
- viii. Storage of one or more polychlorinated biphenyls (PCBs) in an outdoor area not in a container, or storage of one or more polychlorinated biphenyls (PCBs) partially or fully below grade;
- ix. Storage of snow at, above or below grade in an area greater than 100 square metres;
- x. The application of agricultural source material to land;
- xi. The application of non-agricultural source material to land;
- xii. The application of commercial fertilizer to land;
- xiii. The establishment, operation or maintenance of a system that collects, stores, transmits, treats or disposes of sewage;
- xiv. The establishment, operation or maintenance of a waste disposal site within the meaning of Part V of the *Environmental Protection Act*;
- xv. The handling and storage of a dense non-aqueous phase liquid;
- xvi. The handling and storage of an organic solvent;
- xvii. The handling and storage of commercial fertilizer;
- xviii. The handling and storage of fuel;
- xix. The handling and storage of agricultural source material;
- xx. The handling and storage of non-agricultural source material;

- xxi. The handling and storage of road salt;
- xxii. The management of agricultural source material;
- xxiii. The management of runoff that contains chemicals used in the de-icing of aircraft; and,
- xxiv. The use of land as livestock grazing or pasturing land, an outdoor confinement area or a farm-animal yard.

#### 16.2.1. Wellhead Protection Area A

- a) Notwithstanding the other zoning provisions in this Zoning By-Law, areas identified as “Wellhead Protection Area A” (WHPAA) on Zoning Map are subject to the following requirements:
  - i. The landowner must connect into the municipal sewage systems and the existing onsite sewage system must be decommissioned;
  - ii. New development must be connected into the municipal sewage system;
  - iii. Where there is no capacity in the municipal services, private onsite sewage systems must be managed in the interim and follow the City’s monitoring policy until reserve capacity is available; and,
  - iv. For future onsite sewage systems, where municipal services are not available, private onsite sewage systems must follow the City’s monitoring policy and conform to the most current version of the Ministry of the Environment, Conservation and Parks’ guidelines for individual on-site servicing (including in relation to minimum lot size).

#### 16.2.2. Wellhead Protection Area B, Area C, and Area D

- b) The areas identified as “Wellhead Protection Area B” (WHPAB) or “Wellhead Protection Area C” (WHPAC) or “Wellhead Protection Area D” (WHPAD) on Appendix C are located in a Wellhead Protection Area identified by the Source Protection Plan. The lands within the “Wellhead Protection Area B” or “Wellhead Protection Area C” or

“Wellhead Protection Area D” are subject to all applicable provisions of this Zoning By-Law, with the exception that any activity, **use** or undertaking that is prohibited or regulated under Section 59 of the *Clean Water Act* is not permitted except in accordance with the *Clean Water Act*.
